

State of South Carolina

METHODS FOR PROVIDING FOR SAFEGUARDS AGAINST UNNECESSARY OR INAPPROPRIATE
UTILIZATION OF CARE AND SERVICES IN NURSING FACILITIES

1. For Medicaid sponsorship, PASARR screening, resident case mix classification determination, and approval of admission and/or payment must be approved prior to admission or payment.
2. Nursing facilities shall review and assure appropriate resident case mix classification and the need for continuing care through completion and quarterly review of Resident Assessments.
3. SHHSFC through contracts with DHEC for Survey and Certification, PASARR Auditing, and Validation of Case Mix Classifications, will assure on a sampling basis compliance with resident assessment completion and review requirements, and PASARR requirements as well as appropriate placement and payment levels.
